Garden of the Old Rugged Cross is a section of Jefferson Memorial Gardens East. Jefferson Memorial Gardens East is located on approximately 100 acres, several blocks of which fronts U. S. Highway 11 or Gadsden Highway. The cemetery was founded in 1949 and it is privately owned. It is an active cemetery providing resting places for some 650 citizens each year. It is well maintained and has a full time staff providing excellent care to those in need of their services. Only one section in the cemetery has above ground monuments. This transcription is a complete and accurate accounting of the legible markers in this section. This transcription was conducted by me during September, 2008. Information in parenthesis is from the monument itself while information in brackets has been supplied by the transcriber. If I can determine that a person is deceased and an obituary indicates they were buried here, I will add the death date in brackets or if buried elsewhere, I will try to provide that information as well.

-Carl W. Dykes

(Editor's Notes: Items in quotation marks are from the memorial. Military information is from the memorial unless otherwise specified. Items in parenthesis have been added by the editor from other sources. U. S. Army enlistments are available but U. S. Navy and U. S. Marine Corps enlistments are not. If an ancestor served in either of these two branches, it would be hard to determine that to any certainty based on records currently available. There is some information available which is taken from the muster rolls of U. S. Carriers and Marine Detachments on some ships during the war but the data sometimes does not contain enough personal data to positively identify any individual unless there is some other corroborating evidence.)
