Field of Honor is a section of Jefferson Memorial Gardens East. Jefferson Memorial Gardens East is located on approximately 100 acres, several blocks of which fronts U. S. Highway 11 or Gadsden Highway. The cemetery was founded in 1949 and it is privately owned. It is an active cemetery providing resting places for some 650 citizens each year. It is well maintained and has a full time staff providing excellent care to those in need of their services. Only one section in the cemetery has above ground monuments. The Field of Honor is a beautiful section which primarily serves military veterans and their family members. This transcription is a complete and accurate accounting of the legible markers in this section. This transcription was conducted by me during September, 2008. Information in parenthesis is from the monument itself while information in brackets has been supplied by the transcriber. For privacy reasons, I have elected to not include the birth date of individuals who are named on the monument but may still be alive. If I can determine that they are deceased, I will add the death date in brackets or if buried elsewhere, I will try to provide that information as well.
